How we use cookies

A cookie is a small file which asks permission to be placed on your computer's hard drive. Once you agree, the file is added and the cookie helps analyse web traffic or lets you know when you visit a particular site or page. Cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences. OT Neuro Ltd use traffic log cookies to identify which pages are being used. This helps us analyse data about webpage traffic and improve our website in order to tailor it to customer needs. We only use this information for statistical analysis purposes and then the data is removed from the system.

Overall, cookies help us provide you with a better website by enabling us to monitor which pages you find useful and which you do not. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us. OT Neuro Ltd does not use cookie technology to collect Personal Information. You may also wish to refer to www.allaboutcookies.org.

You can choose to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. This may prevent you from taking full advantage of the website.

The Internet is a global environment and using the Internet to collect and process data can involve the transmission of data on an international basis. Therefore, by browsing our Website and communicating electronically with us, you acknowledge our processing of data in this way. However, we will endeavour to protect all Personal Information collected through our Website in accordance with our data protection standards.

Links to other websites

Our website may contain links to other websites of interest. However, once you have used these links to leave our site, you should note that we do not have any control over that other website. Therefore, we cannot be responsible for the protection and privacy of any information which you provide whilst visiting such sites and such sites are not governed by this privacy statement. You should exercise caution and look at the privacy statement applicable to the website in question.

Controlling your personal information

We will not sell, distribute or lease your personal information to third parties unless we have your explicit permission or are required by law to do so. Employees, associates and agents of OT Neuro Ltd may be given access to any Personal Information which we collect, but their use shall be limited to the performance of their duties and in line with the reason for processing. Our employees, associates and agents who have access to your Personal Information are required to keep that information confidential and are not permitted to use it for any purposes other than to enable you to use the Website or to deal with requests which you submit to us.
